

FLAGSHIP RESERVE

#1 CLOTHBOUND CHEDDAR IN AMERICA (2017 ACS)

Flagship Reserve is a special version of our signature Flagship cheese. It is made only on days when the milk composition is just right. Flagship Reserve is also traditionally cloth-bound and open-air aged. This method allows a 14% to 16% moisture loss during aging, allowing for a slightly lower moisture, higher salt content which concentrates the already rich flavor while producing a long, creamy finish.

- Firm, natural rind, pasteurized cow's milk cheese
- Affinage: Aged at 50 degrees and 90% humidity. Each truckle is first rubbed with butter. Then, they are hand-turned on a daily basis during the first two months of aging, three times a week for the following two months and then once per week through the remainder of the aging process.
