

MARCO POLO RESERVE

Blended with green and black peppercorns, Marco Polo Reserve is open-air aged using the traditional cloth-bound method. This cheese delivers a tangy, nutty flavor with bite, complemented with a drier texture in a natural rind.

- Firm, natural rind, pasteurized cow's milk cheese
- Affinage: Aged at 50 degrees and 90% humidity. Each truckle is rubbed with butter, and then hand-turned on a daily basis during the first two months of aging, three times a week for the following two months and then once per week through the remainder of the aging process.
